

MY PLEDGE FOR SEXUAL PURITY

I, _____ (print name), promise to start living with sexual purity today, _____ (date), and every day until my honeymoon.

I am making this pledge not just for myself, but also for my future spouse and all my future children. I want to respect myself, my sexuality, my future spouse, and children.

I choose to live with strength, trust, and true love.

I want a future relationship that is a lifetime commitment of true love. Because of that, I promise today to only make the right choices with my body, my mind, and my relationships that will help me achieve this.

I am a valuable person and worth waiting for.
